

EUROPEAN CITY FACILITY

Deliverable D 5.3

Project Leaflet

EUCF
European City Facility

This project has received funding from the European Union's Horizon 2020 Research and Innovation Programme under Grant Agreement No 864212.

Version number	Date	Organisation name	Comments
V0.1	10.06.2020	Climate Alliance	Final version

Quality check	Status	Date	Comments
Quality Manager ENC	Ok	12/06/20	
Project Coordinator ENC	Ok	12/06/20	

The Purpose:

The leaflet provides an overview of the EUCF journey. The EUCF leaflet aims at raising awareness about the EUCF processes and the calls for projects.

Disclaimer:

The sole responsibility of this publication lies with the author. The European Union and EASME are not responsible for any use that may be made of the information contained therein.

Leaflet

The leaflet targets both local authorities and financial institutions. A simple language and infographics are used to visualise the entire journey for both the applicants and potential investors.

The leaflet is an A4 double sided format and it is designed to ensure a good printing quality.

The ready to be printed file can be found at the following link.

HOW TO HOP-ON & WHAT TO EXPECT

MEET US
at events, visit our website or get in touch with our country experts!

1. FOLLOW THE SIMPLE AND FAST-TRACK APPLICATION PROCESS
and benefit from strong technical support in your language.

2. GET FINANCIAL SUPPORT TO DEVELOP YOUR INVESTMENT CONCEPT
and get tailor-made technical support by the country experts.

3. GET EASY ACCESS
to a pool of EU experts, investors and other key actors, benchmarks and standardized packages for successfully implementing your investment concept.

ACCELERATE SUSTAINABLE ENERGY INVESTMENT

WHY YOU SHOULD APPLY

- ▶ **Get fast and easy access to EU funding**
- ▶ **Benefit from capacity-building and networking opportunities**
- ▶ **Get tailor-made support in your national language from a country expert in each EU Member State**
- ▶ **Boost your local energy and climate plans**

Find out more about how the EUCF will support local investments in energy efficiency and sustainable energy.

STAY TUNED FOR THE CALLS AND FIND OUT HOW TO APPLY!

WHY A EUROPEAN CITY FACILITY?

FACING THE GAP

Local authorities and their groupings have made great commitments to significantly reduce their energy consumption and greenhouse gas emissions. However, when trying to achieve their ambitious climate and energy action plans, they often face **financial constraints**, as well as a **lack of capacity to access the right financing**.

BRIDGING THE GAP

Local authorities are playing a key role in the energy transition in Europe. With **tremendous potential to build comprehensive sustainable energy investment programs**, they can play a key role in pooling smaller projects into larger investment portfolios and in mobilizing significant financial resources for the energy transition.

The EUCF will bridge the gap and **unlock this local potential** to enable municipalities in Europe to **develop relevant investment concepts**.

THE JOURNEY AHEAD

Thanks to the EUCF, European local authorities or groupings of local authorities may benefit from **tailor-made, fast and simplified support** and access the **grant of €60,000** to develop their investment concept - an initial step towards a fully-fledged business and financial plan.
